

Carlo Classic Aluminium Floor Lifters

The Carlo Classic Aluminium is extremely light but very stable, offering maximum safety and comfort. The lift is equipped with a 4-point sling bow, making it suitable for all loop slings, while also being provided with a safety locking mechanism to attach the slings. The Carlo Classic Aluminium is very mobile and reliable, able to support carers in everyday lifting and transfer routines.

Technical Specifications

- Carrier frame: 1,290 mm / 125 mm (length/height)
- Inner width: 540 mm / 1,040 mm (closed/spread)
