

Flexi-Link V2 Connection System

Ceiling Hoist Accessories

The fastest, most efficient portable hoist connection system. Our patented Flexi-Link V2 Connection System is today's most advanced device for connecting the portable hoist to the trolley. Designed and produced exclusively by CHS Healthcare, this world first product meets AS/NZS ISO10535; 2011 standards. Featuring a removable wand, the Flexi- Link V2 Connection System allows carers to move around freely without fear of a handle hitting not only themselves, but lights, fans, doors, or other ceiling fixtures
