

## Nivano CTE2

### Change Tables & Shower Trolleys

The Astor-Bannerman Nivano range of wall mounted height adjustable changing tables have been a popular choice in disabled bathrooms and Changing Places for many years. This is because they are easy to use, comfortable, reliable and look great in any room without having a clinical feel. It is simple to operate from a handset control and comes in a range of sizes from 1000mm right up to 1900mm to suit both paediatric and adult applications.

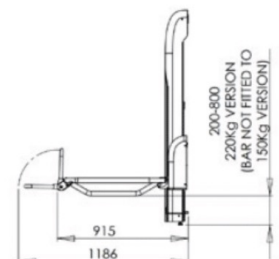

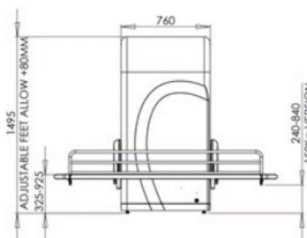

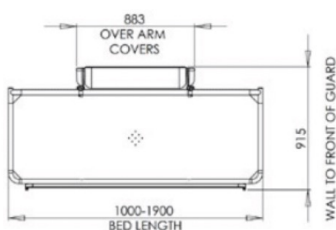

The durable stretcher material is comfortable as well as quick and easy to clean, saving precious time. This, along with part stainless steel construction means the CTE2 will give many years of worry free use, even in wet and humid or multi-user environments
