

Patient lifting & handling solutions

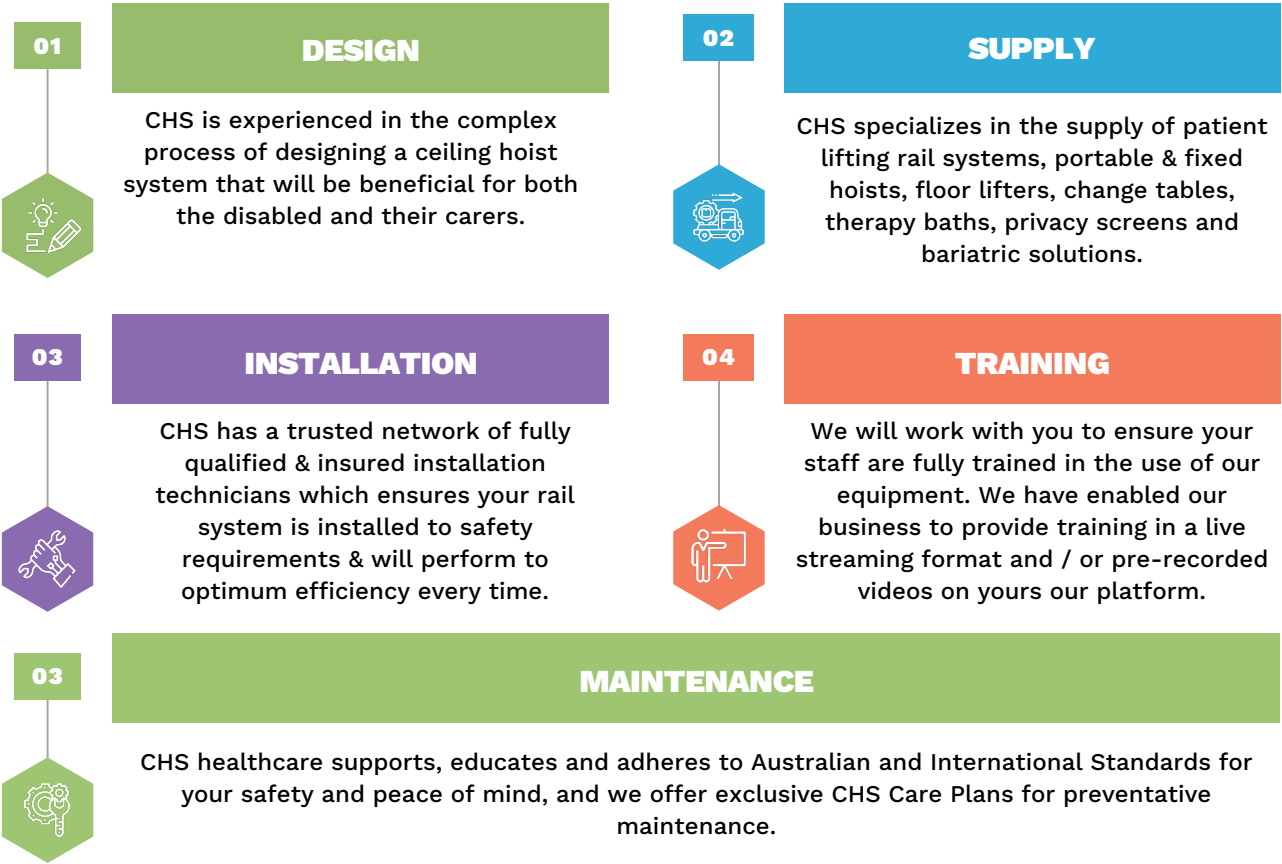

chehealthcare.com.au

CHS Healthcare 1

Leading manufacturer and supplier of patient lifting and handling solutions.

CHS Healthcare is a leading provider of quality and innovative patient transfer solutions and hygiene systems to the healthcare industry in Australia.

Australian Owned & Operated

An Australian family owned and operated company providing patient lifting and handling solutions since 1997.

“At CHS Healthcare we understand how it feels to be lifted in a sling, or to be concerned about the safety of your staff and patients. We are specialists in patient handling so no matter what the challenge we will strive to find the right solution for carers and our users”.

Bariatric Applications

“Just wanted to say a big thank you for assisting today with the last minute site assessment. On behalf of the Caulfield Hospital team, we really appreciated the effort in prioritising this for our patient. You were particularly helpful problem-solving today which resulted in a very positive solution for Healthscope and the patient.”
