

BEKA home

Products designed to enhance
Independent Living

About BEKA home

BEKA home is a range of products developed to support people to live independently in their own home. In later life, health issues can sometimes challenge people's independent lifestyle, and these products have been specifically designed to address this. Whilst each product offers a range of features that support daily living needs, style and design have not been compromised, allowing your home to look and feel as inspirational as ever, whilst discreetly giving you the extra support you need. With attention to design detail and optional features such as Airspa, Lights and Sound systems, every product has been designed to support and enhance bathroom routines.

*Products
beautifully designed
to enhance independent living
in your own home*

BEKA home was created in cooperation between sister companies BEKA Hospitec and Astor Bannerman, bringing together over 75 years of experience in designing and manufacturing and installing premium care bathroom products that take simple daily bathroom tasks beyond routine. The group has over 25 years' experience of home adaptation, and a wealth of knowledge in designing support products that look and feel like home.

Astor Shower Trolley

Washing

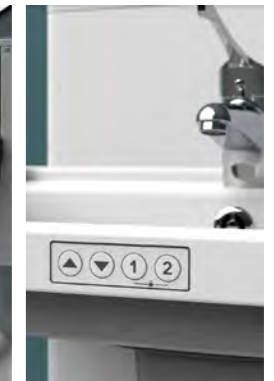

AQUBA

Compact height adjustable wash basin

Overcome different basin requirements with the ability to preset 2 heights.

The AQUBA height adjustable wash basin has an elegant, compact design, perfect for fitting under a window or mirror. Its feature to enable 2 preset heights to be programmed makes it perfect for home situations where one family member uses a wheelchair.

Bathing

AVERO Motion

Tilt in space bath with side door for easy access

AVERO Comfort

Elegantly designed height adjustable bath with generous proportions

INIVTA

Tilting tub with small profile

COMPACT plus

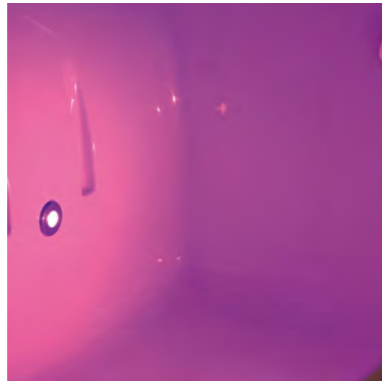

Height adjustable bath with transfer seat system

Wellness Options Baths

Colored-light system

Stimulating well-being atmosphere

Airspa system

Pleasant massage effect on the skin

Aroma system

Application of various scents

Music-sound system

Sound and vibrations to suit individual needs

Transfer systems

If a little extra help is needed to manoeuvre around the house or into the bath or shower, BEKA home offer a range of mobile hoists and shower chairs.

NORA home

Compact standing aid

CARLO home

Compact mobile hoist enabling safe transfer

EVE!

2-in-1 shower seat and bath lifter

Changing Tables

Whilst many will never need to use a changing table in their own home, if support needs require it, BEKA Home offers a range of wall mounted and portable changing table solutions that can be used in wet rooms.

Astor CTX

Wall mounted and easily folded away

Astor Mobile Changing Table

Padded mattress for added comfort

Astor Shower Trolley

Waterproof mattress with drain hole and hose
