

Astor CTX2

Wall Mounted Changing and Showering Table

Highlights:

- 200 kg / 31½ st maximum working load (MWL)
- Discreet integrated water collection tray
- Calming ambience through integral lighting
- Comfortable polyurethane padded mattress
- Flexible support with tilting headrest
- Guards, bumpers and wall mattress available

The Astor CTX2 is the ultimate wall-mounted changing table, combining practical and aesthetic features to support complex daily care in a comfortable and relaxed environment. The bed height adjusts from 300 mm/11 13/16" to 1040 mm/40 15/16" via the handset to minimise carer strain and optimise manoeuvrability, while integrated lighting creates a calm environment for transferring and changing. Tilting headrests provide enhanced comfort.

Designed for high usage in wet and humid environments, the CTX2 features stainless steel components, a durable and comfortable moulded polyurethane bed with drain holes, and an integrated water collection tray, making it suitable for wetrooms and ensuites. The mattress stows neatly when not in use to maximise space, secured by twin gas struts, while battery backup allows safe lowering during a power failure.

Standard Features

- Height adjustable range: 300 mm - 1040 mm (740 mm) / (1113/16" - 40 15/16")
