Ropimex RIA Infusion Arms

The Ropimex® RIA infusion arm is easy and quick to set up. Used globally within the healthcare industry for over 30 years, this Ropimex® range is TÜV-certified, with an extremely durable finish supporting a maximum load of 4.00 kg per hook. Ropimex® wall holders are designed to support the telescopic and infusion arms, and are particularly suitable for fixed cubicle systems and intensive care settings.

Key Features:

- Space-saving design
- Trip-proof
- Light, yet incredibly strong
- Efficient and easy handling
- Extremely durable finish
- Max. load 4.00 kg per hook
- Certified from TÜV · industry-leading quality for over 30 years
