We're Here For You

Telescopes of the New Generation

The Ropimex® RTS telescopic arm is the screen that's only there when it's needed — engineered in Germany and exclusively distributed throughout Australia by CHS Healthcare.

Self-supporting and swing-out, RTS mounts directly to the wall with no ceiling fixing required. Seamlessly integrated mechanics and smooth telescopic tubes eliminate crevices where bacteria can collect — after use, simply push the screen together and swing it back towards the wall.

Key Features

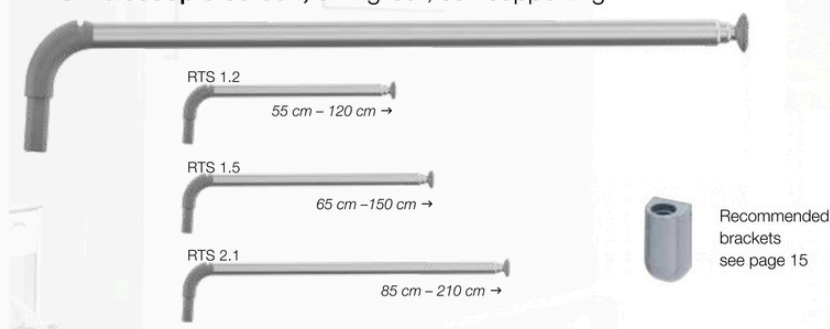

- **Self-supporting**, swing-out telescopic arm — no ceiling mount required
- Hygienic design — smooth telescopic tubes, seamlessly integrated mechanism
- Anodised aluminium and high-quality glass-fibre reinforced plastics
- Three lengths: **RTS 1.2**, **RTS 1.5**, **RTS 2.1**
- Curtain rings release themselves from the eyelet if overloaded, avoiding injury and system damage
- CE marked medical device · easy to clean and disinfect

Configuration & Dimensions

How It Works

RTS: Telescopic screen, swing-out, self-supporting

From the Ropimex® catalogue: RTS 1.2 / 1.5 / 2.1 extension ranges and recommended wall bracket.

Models

Model	Extension	Weight	Rings
RTS 1.2	55 – 120 cm	0.5 kg	10
RTS 1.5	65 – 150 cm	0.6 kg	13
RTS 2.1	85 – 210 cm	0.7 kg	17

Recommended Curtains

RTS 1.2: TCS 121, TCS 122, TCS 123, CQ 121, CQ 122, VH/C 121, VH/C 122

RTS 1.5: TCS 151, TCS 152, TCS 153, CQ 151, CQ 152, VH/C 151, VH/C 152

RTS 2.1: TCS 211, TCS 212, TCS 213, CQ 211, CQ 212, VH/C 211, VH/C 212

Material

Ropimex® telescopic screens are made of anodised aluminium and high-quality glass-fibre reinforced plastics. Easy to clean and disinfect. Recommended wall brackets – see WH range.

Technical Specifications

Type	Swing-out, self-supporting telescopic arm
Extension Range	55 – 210 cm across three models (RTS 1.2 / 1.5 / 2.1)
Weight	0.5 – 0.7 kg
Material	Anodised aluminium, high-quality glass-fibre reinforced plastics
Curtain Rings	Ø 42 mm, self-releasing if overloaded, standard colour grey
Wall Mount	Recommended bracket: WH 95 (see Wall & Rail Brackets range)

CE marked medical device. Compatible with the full Ropimex® curtain range.

Trusted telescopic screening for Australian healthcare environments.
